
Term 3: Week 5

I hope you are surviving the cold! This contains important information for all students about our end of year concert, so please read it and the relevant attachments.

Uniform

Please make sure students are dressed warmly for classes in this cold weather. Tights, crossover, Cathy-Lea long-sleeved tops or (for older students) plain black tight-fitting tops are suitable for class. Loose fitting tops, tracksuits and hoodies are not suitable for dance class.

Exam Results

As exam results are being handed out in junior classes, I remind you that we ask students not to share these with one another. Our emphasis is on students doing THEIR BEST rather than competing with their peers.

ATOD exam results will be back in approximately 6 weeks.

Chookas to students completing grade 5 & 6 Cecchetti Ballet exams at the Ministry of Dance this weekend. Please make sure you all have your purple leotard and matching hair ribbon.

Choreographic Competition

After exams, we spend some time in classes developing students' choreography. This is a terrific opportunity for student to develop their dance-making skills and explore their creativity and expression in this medium.

If student would like to take this further and create their own performance pieces, Cecchetti run a choreographic competition on Friday 6th October that is open to students of all ages and abilities. Please find more information attached.
